Here's what's NEW this week!

It Ends With Us (M)

Though coming from a complicated past, Lily Bloom has always known the life she wants. While living in Boston, she meets neurosurgeon Ryle Kincaid and believes she may very well have found her soul mate. Soon, however, questions arise about their relationship, and to complicate matters, her high school love interest, Atlas Corrigan, comes back into the picture, putting her relationship with Ryle in jeopardy.

Borderlands (M)

After returning to her home planet Pandora, infamous outlaw Lilith is given a dangerous mission and forms an alliance (and potential friendship) with other criminals, including former mercenary Roland, demolitionist Tiny Tina and her protector Krieg, insane scientist Tannis, and the wisecracking robot Claptrap. The mission: find and protect the missing (and important) daughter of a powerful man named Atlas. But things may not be as they seem, as the girl holds the key to great power that can change the fate of the universe.

200% Wolf (M)

Heroic poodle Freddy Lupin has everything it takes to lead his werewolf pack. Except respect. If only he were more... wolfish. But when a wayward wish transforms him into a werewolf and deposits a mischievous moon sprite on earth, Freddy must restore the cosmic order before earth and moon collide! Oops! One thing's for sure - Freddy will never question being a poodle again!
